

Irrigated land, clean, 2002 - 2019

Title	Irrigated land, 2002 - 2019
Publisher	New Zealand's Environment Reporting Series: The Ministry for the Environment and Statistics New Zealand
Description	This indicator measures the total irrigated agricultural land area across New Zealand for 2002, 2017 and 2019. We report on total irrigated land area on farms earnings over \$60,000 a year by region and dominant farm type. In 2017 and 2019 we also report on total irrigated land by land use and irrigation system. More information on this dataset and how it relates to our environmental reporting indicators and topics can be found in the attached data quality pdf.
