Seafood export values (2007–14)

Title

Seafood export values (2007–14)

Publisher

New Zealand's Environment Reporting Series: The Ministry for the Environment and Statistics
New Zealand

Description

New Zealand's fisheries and aquaculture sector is an important primary industry. It provides New Zealanders with food, economic returns, and employment. Reporting on the value of this industry helps us to understand the marine economy. This dataset relates to the "Value of fisheries and aquaculture" measure on the Environmental Indicators, Te taiao Aotearoa website.
