Melanoma rates (1996–2013)

Title

Melanoma rates (1996–2013)

Publisher

New Zealand's Environment Reporting Series: The Ministry for the Environment and Statistics
New Zealand

Description

Skin cancers such as melanoma are linked to exposure to ultraviolet radiation. New Zealand has one of the world's highest rates of melanoma. This dataset relates to the "Occurrence of melanoma" measure on the Environmental Indicators, Te taiao Aotearoa website.
